The minibus is available for hire by villagers and community groups. The borrower is asked to make a donation towards the running/depreciation costs and also to replace any diesel used during the journey. We can arrange for a driver for your journey or you can provide your own driver subject to him/her satisfying our driver regulations.

TVM Drivers

All drivers are voluntary and must satisfy the regulations covered by the 'Driver's Agreement Form' prior to taking out TVM.

We welcome any new volunteers who are willing to drive TVM, either using it for their own group or for driving on scheduled or other group trips.
