

Given that we have to meet the building regulations requirements for a public building, the building cost will be greater than that for an ordinary house. Our detailed costing gives a total of £285K for the new building and £524K for the overall project.

The building of the new Village Hall depends on the enthusiastic support of the whole village. Most of the money will be provided by grant-funding bodies.

- 1 – Already raised by EVH
- 2 – Approximate land value
- 3 – We need to raise
- 4 – County Village Hall Grants
- 5 – Other grants
- 6 – Kennet District Council
- 7 – Heritage Lottery Fund

Grants that we can apply for include:
Acre Village Hall Loan Fund, Public Works Loan Board, Charity Bank, Awards for All, Landfill Tax Credit, Sustain the Plain, Local Parish Council, County Village Hall Grants, KDC, North Wiltshire & West Wiltshire Access Audit, South Wiltshire Area Grants, Local Trusts & Foundations, Businesses, and the Heritage Lottery Fund.
